

## User Stories/Features

1. As a user I want to be able to quickly navigate through the products.
  - Top of screen includes minimal icons of all products
2. As a user I want to be able to learn how I can pay for/afford the items I encounter.
  - Financing/trade in options next to all prices and products
3. As a user I want to have all required information to easily decide what product is right for me.
  - Product specs and descriptions next to all products with a link to the individual page of the product.
4. As a user i'd like to know where I can try out / buy product in person.
  - Bottom of the page evokes user to click a link of where/what stores they can see product in person.
5. As a user how do I learn what accessories I will need for this product?
  - Accessories and affiliated links are listed below products.

## User Flow

Minimal icons for all products ----->Newest Products----->Customer  
Qualification/Product Specs----->Ways to buy----->Financing  
Options----->Accessories----->Product Perks----->Fine Print----->Site Links
